Subject: Quarterly Data Pull Preparations
Attachments: SCAP-002 NPL - Montana.pdf

Flag: Flag for follow up

Joe and Roger,

I have attached a SCAP-002 report that contains Montana NPL sites that we need updates for in preparation for the fourth quarter data pull. Please look through the report and provide updates for any actions without an actual start or finish date (those actions that do not have an 'A' next to their dates). Please send your updates to Dianna Lim or myself by Tuesday, September 15. **Prompt responses are greatly appreciated to ensure the data in SEMS is as accurate and up-to-date as possible.**
